

LOHMANN BROWN-LITE

LAYERS

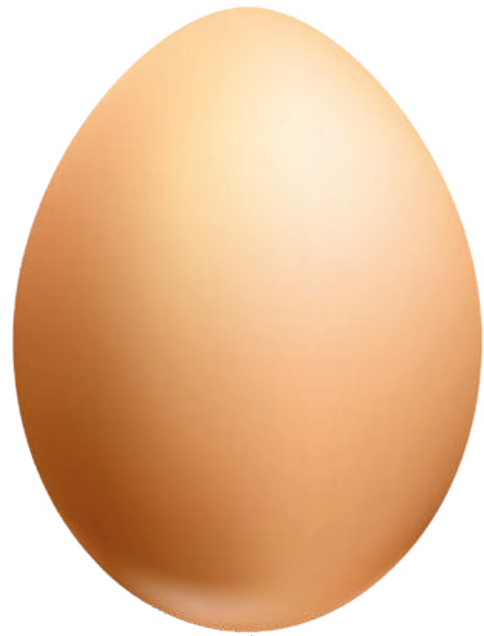

Alternative Housing 

LOHMANN BROWN-LITE is the first choice, if a high laying performance with a slightly lower egg weight is required.

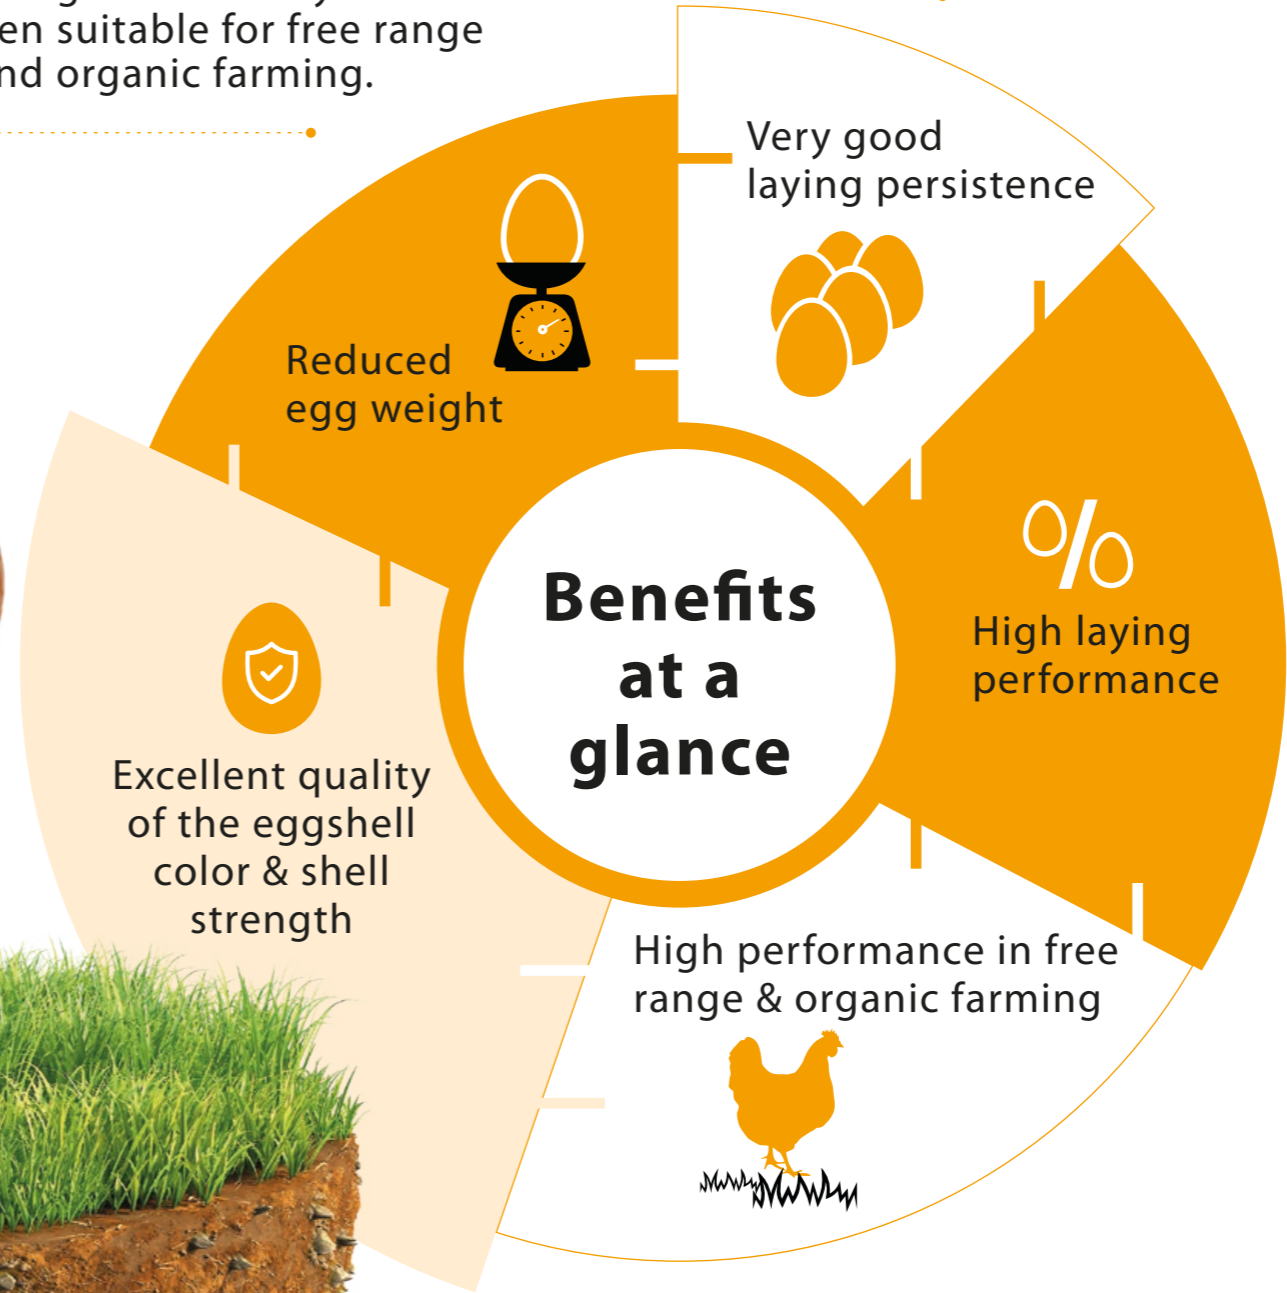

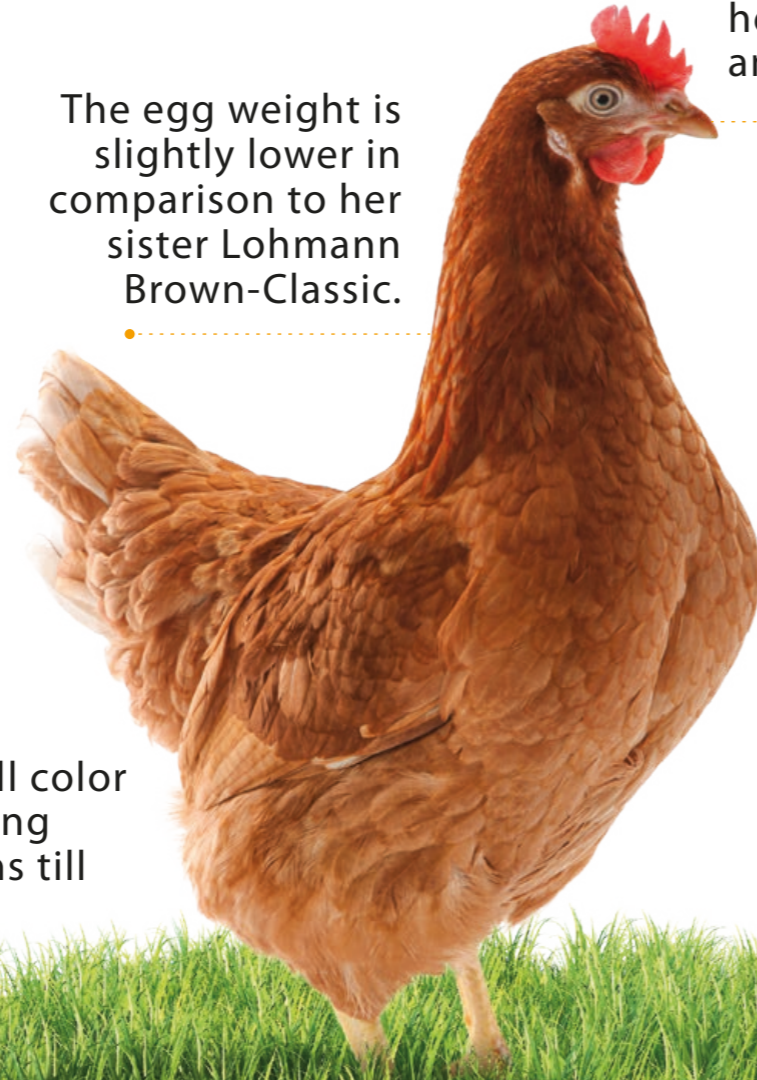

The great laying persistency and good livability makes the hen suitable for free range and organic farming.

The egg weight is slightly lower in comparison to her sister Lohmann Brown-Classic.

Nice brown shell color and high breaking strength remains till advanced age.

Breeding for success... together!
