

LOHMANN LSL-ULTRA LITE

PARENT STOCK

We are constantly improving the performance traits of our LOHMANN BREEDERS parent stock and their offsprings.

For a market demand of more medium sized commercial eggs that do not pay a significant higher price for large eggs and want an efficient hen for a low feed per egg.

With a very high number of hatchable eggs combined with an outstanding hatching rate, LOHMANN BREEDERS parent stock selected to achieve the highest level of saleable day-old chicks.

Breeding for success... together!
