

# BREEDING FOR SUCCESS... TOGETHER!

## CELEBRATING PARTNERSHIP

Nicole Rehse  
**PR/Communication**

Especially in today's uncertain times, continuity and a reliable foundation are of great importance – both in our private lives and in a business context. Regardless of the industry, trust, reliability, and strong partnerships are essential.

For this reason, we honored our long-standing partners at FDM 2025 in Singapore as a way of simply saying thank you: thank you for your trust, loyalty, and understanding, as well as for the shared commitment to always finding good solutions—even in challenging situations. All of this forms the foundation of a successful and sustainable partnership.

Each recognition naturally includes a certificate.

The ceremonial presentation to our anniversary partners who attended FDM in Singapore took place during the festive gala dinner on the final evening – a dignified and atmospheric setting for this special occasion.

For those who were unable to attend, we found an alternative way to ensure a fitting and celebratory presentation.

**We are very much looking forward to the year ahead and to new milestones that we will achieve together with our partners and customers.**
